

## **Volunteer Spotlight**

### **Pat Bayne with Mr. Chips and Sweetie**

#### **THE VILLAGE & THE JOHNSON CENTER**

Pat Bayne has been with the Village/JC volunteers since 1994. She began as a pet therapy volunteer, coming with her Corgi dogs once a week. She raises and shows her Corgis, selecting from excellent bloodlines and socializing her dogs from an early age, resulting in well-rounded, gentle, intelligent adults, well suited for therapy dogs. She visits in both the Johnson Center and the Village weekly, alternating communities. She started here with Corgis named Demi and Nutmeg. Mr. Chips and Sweetie are the current volunteer dogs.

She joined the staff of Joe's Place, the gift shop at the Village, as it was opening in 1996. She now shops for them, keeping the edibles and gift items up to date. There is always a treat on Mondays that she has picked up for the residents that visit the shop. She is sensitive to the particular needs of residents and sometimes does personal shopping for them, getting the right brand of whatever it is that they are used to having.

Throughout the year, she has items in the shop that reflect the holidays. She is a tireless worker at Joe's Place, and a dedicated volunteer for our entire community. Thanks Pat, for all the care and kindness that you show all of us.
